

MACTM

Meeting

When: April 3, 2008
4:00pm to 6:00pm

Where: MVESC – Mahoney Lab
1st floor of MVESC

**ANNOUNCING a NEW RESOURCE
for Mathematics in Grades K-12!!!**

“INDICATOR RESOURCE DEPOT”

has been developed this past school year by a team of educators working with the MVESC. The depot will allow you, the teacher, to connect to a web site that will address each individual math indicator. Imagine how this will enhance the understanding of the indicator by our students.

Come to the MACTM Meeting on April 3rd. Hands on instruction and experience will be available in the Mahoney Lab. This is definitely going to be a valuable resource.

MACTM will be furnishing free sandwiches, snacks, and beverages for you to enjoy. All educators K-12 will benefit from this workshop. Please share this information with your colleagues. RSVP to:

**Margaret Garner, MACTM President at:
jhmagarner@yahoo.com**
